

ICIEOM-ADINGOR-IISE-AIM-ASEM

International Joint Conference (IJC2017)

6 - 7 July | Universitat Politècnica de València
Valencia (Spain)

International Joint Conference 2017 (IJC2017) “New Global Perspectives on Industrial Engineering and Management”

www.icieom.org

The Conference is a forum to disseminate, to all branches of academy and industry, information on the most recent and relevant research, theories and practices in Industrial Engineering and Operations Management.

The mission of the Conference is to promote links between researchers and practitioners from different areas of industrial engineering and management, in order to enhance an interdisciplinary perspective of the field. It will be a conference of very high standards, built on the experience of previous editions of CIO, ICIEOM and IISE conferences.

We are confident that the International Joint Conference 2017 will be a unique opportunity for networking, with a high quality scientific program and an exciting social program. We are looking forward to meeting you in Valencia (Spain) in 2017.

Objectives

The general objectives of the International Joint Conference (IJC2017) are:

- To promote networking between researchers as a way to exchange ideas and approaches that contribute to the development of Industrial Engineering and Management from a scientific and entrepreneurial perspective.
- To present advances in industrial engineering and operations management, and their applications to companies.
- To maintain the level of excellence of previous conferences, and to ensure that their publications (proceedings, books and journals) continue to be the best reference in this field.
- To strengthen the national and international exchange relationships between investigators from recognized universities and research institutions.

UNIVERSITAT
POLITÈCNICA
DE VALÈNCIA

ADINGOR
Asociación para el Desarrollo
de la Ingeniería de Organización

IISE
INSTITUTE OF INDUSTRIAL & SYSTEMS ENGINEERS

AIM
European Academy for Industrial Management
www.europen-aim.de

AMERICAN SOCIETY FOR ENGINEERING MANAGEMENT
ASEM

This International Joint Conference (IJC2017) brings together
ADINGOR (Asociación para el Desarrollo de la Ingeniería de Organización), ABEPRO (Associação Brasileira de Engenharia de Produção),
IISE (Institute of Industrial and Systems Engineers), AIM (European Academy for Industrial Management)
and ASEM (American Society for Engineering Management).

Call for Papers and Submission Process

Full papers (maximum of eight pages) and extended abstracts (maximum of two pages) are the submission alternatives in 2017. Extended abstracts will only be published in the abstract book and will be included in the poster sessions. Full papers could be presented in oral sessions or poster sessions and depending on their quality, will also be published in the conference proceedings, selected journals or as book chapters.

All submissions will be double blind and peer reviewed and evaluated based on originality, technical and/or research content/depth, correctness, relevance to the conference, contributions, and readability.

All submissions to the conference will be done electronically and the author and coauthors (if any) will be able to sign up for the on-line service. Documents submitted electronically must meet editorial requirements and limits specified in the Call for Papers.

Topics

- Strategy and Entrepreneurship
- OR, Modelling and Simulation
- Logistics, Production and Information Systems
- Quality and Product Management
- Knowledge and Project Management
- Service Systems
- Engineering Management
- Industrial Engineering and Operations Management Education

Conference Publications

Selected full papers presented at the conference will be referred for publication in the following journals and periodical book series, based on topical match.

- ✓ *International Journal of Production Research* (indexed in SCI - Thomson Reuters)
- ✓ *Engineering Management Journal* (indexed in SSCI - Thomson Reuters)
- ✓ *Journal of Cleaner Production* (indexed in SCI - Thomson Reuters)
- ✓ *Int. Journal of Industrial and Systems Engineering* (indexed in Scopus)
- ✓ *Production Journal* (indexed in Scopus)
- ✓ *Int. Journal of Production Management and Engineering* (open access scientific journal, indexed in ESCI - Thomson Reuters)
- ✓ *Dirección y Organización* (indexed in Scopus)
- ✓ *Frontiers of Engineering Management*
- ✓ *Lecture Notes in Management and Industrial Engineering*

Important dates

Full paper OR extended abstract submission:
Notification of results to authors:
Final versions of full papers:

6th March 2017
17th April 2017
15th May 2017
